Public Notice # NAN-2010-00733-WCA

Dear Chief Tomer,

We fully support the reservations and opposition to the planned Liberty National Marina immediately south of Liberty State Park raised by the Friends of Liberty State Park. We believe there must be adequate consideration for the accessibility and safety of the general public launching their boats in the immediate vicinity of Liberty ~~Landing Marina~~ ^{National Marina}, as well as the potential negative impacts on the marine environment and of dredging.

Therefore, we believe that a public meeting on the project should be arranged.

Thank you,

Sincerely,

William J. McKelvey, Chairman, Liberty Historic Railway, Inc.
